REGARDING SEEDING

Seeding for the tournament was done based on tournament results and placing in at Puget Sound Region events and Columbia Empire Power league the first weekend of February. Some alterations were made so that, if seeding holds, teams from the same club do not play each other in the second round of pool play. In order to simplify the tournament (no Evergreen Region seedings are available via the Region Website, so we used a secret and magical formula to seed teams from the "other" side of the mountain – don't ask); we also shifted teams so that teams from different regions were in pools -- offering variety. Your progressive placing throughout the tournament will be based upon your seed and your finish within your pool; not on how your performance in pool compares to other teams in other pools. This format is similar to that used in USAV Qualifiers and Junior Nationals. This will make it simpler for coaches, fans, players, etc. to figure out exactly where they play next without having to wait for other pools to finish in order to place themselves within the next pool or playoff bracket.
